### INDEPENDENT AUDITORS' REPORT

Board of Directors of Veterans of Foreign Wars Foundation Kansas City, Missouri

### **Opinion**

We have audited the accompanying financial statements of Veterans of Foreign Wars Foundation, which comprise the statements of financial position as of August 31, 2024 and 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Veterans of Foreign Wars Foundation as of August 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Veterans of Foreign Wars Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Veterans of Foreign Wars Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of Veterans of Foreign Wars Foundation's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Veterans of Foreign Wars Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED AUGUST 31, 2024 AND 2023

#### 1. DESCRIPTION OF THE ORGANIZATION

**Nature of Activities** – Veterans of Foreign Wars Foundation (the "Foundation"), an affiliate of the Veterans of Foreign Wars of the United States (the "VFW"), was formed in 1996 as a public benefit corporation under the Missouri Benefit Corporation Act and is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC") as a charitable foundation.

The Foundation was formed to assist disabled veterans and families; assist veterans with respect to employment; promote public attention to the sacrifices and needs of veterans and active and reserve military personnel and their families; and promote and assist in funding programs sponsored by the VFW, its affiliates, and other nonprofit groups. This mission of the Foundation is accomplished through the following activities:

**Veterans Service Activities** – The Foundation provides financial support to veterans and their families experiencing financial hardship by providing grants to assist with mortgages, car loans and repairs, utilities, and other payments. The Foundation also provides scholarships to veterans or current miliary personnel with a rank of E-5 or below to assist them with reaching their educational goals. Additionally, the Foundation provides grants to support VFW Service Officers. These officers play a key role in assisting veterans dealing with the Department of Veterans Affairs and other agencies.

**Community Service and Public Awareness** – These activities support programs that foster patriotism, community improvement, and youth development programs. The Foundation accomplishes this by providing grants that are used to support VFW Posts and Auxiliaries with outreach projects in their respective communities, so the VFW can continue to be a resource in their local communities. Additionally, the Foundation brings awareness for the mission and programs of the VFW and Foundations support of veterans and their families.

**Management and General and Fundraising** – Expenses related to providing oversight of business management, budgeting, financing and other administrative and fundraising functions of the Foundation.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting and Presentation** – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. To ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, resources are classified for accounting and financial purposes into categories established according to their nature and purposes. The net assets of the Foundation are reported in two categories as follows:

**Without donor restrictions:** These are resources that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation.

**With donor restrictions:** These are resources whose use by the Foundation is limited by donor imposed restrictions that either expire by the passage of time, can be fulfilled by actions of the Foundation or include a stipulation that assets be retained and invested in perpetuity while permitting the Foundation to use all or part of the investment return on these assets for specified or unspecified purposes. The Foundation has no perpetually restricted net assets.

Cash and Cash Equivalents – The Foundation considers all unrestricted, highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of cash and money market accounts. The Foundation places its temporary cash investments with high-credit-quality financial institutions. The Foundation held cash equivalents consisting of money market funds of \$3,773,512 and \$6,572,674 as of August 31, 2024 and 2023, respectively. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant risk on cash and cash equivalents. Management evaluates the financial stability of these financial institutions and considers the risk to be minimal.

**Investment Valuation and Income Recognition** – The Foundation's Investments are carried at fair value. Investment return, which includes interest and dividends and realized and unrealized gains and losses, is included in the statements of activities and changes in net assets. Investment expenses, such as custodial fees, investment advisory fees and direct internal investment expenses are netted against investment return. Fair values are based on quoted market prices, if available. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities.

The Foundation invests primarily in securities and exchange traded funds which hold various securities, including U.S. government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Foundation applies the provisions of Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures (ASC 820)*, with respect to financial and non-financial assets and liabilities. This standard defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of ASC 820 apply to all financial instruments that are being measured and reported on a fair-value basis and items disclosed at fair value in the notes to the financial statements.

The carrying amounts of cash equivalents are a reasonable estimate of their fair values because of their highly liquid status and short maturities. The carrying amounts of receivables and accounts payable are a reasonable estimate of their fair values because of their short-term nature. The carrying amounts of investments are a reasonable estimate of fair value, which is generally determined based on quoted prices in active markets for identical assets.

**Receivables** – Accrued interest receivable is related to the investment income the Foundation has earned on its portfolio but not yet received. Unconditional pledges received are recorded at net realizable value. Conditional pledges receivable are not recognized until they become unconditional, that is, when the conditions on which they depend are met. There were no conditional pledges. All pledge receivables are expected to be collected within one year.

**Furniture, Fixtures and Equipment** – Furniture, fixtures and equipment (with a purchase price of \$1,000 or more) are valued at cost, and depreciated over their estimated useful lives of the assets using the straight-line method. Useful lives range from three to five years.

**Long-Lived Assets** – Management periodically reviews long-lived assets for impairment relating to events or changes in circumstances that would indicate that the carrying amount of an asset may not be recoverable. In the event a long-lived asset was determined to be impaired, such asset would be required to be written down to its fair value, with the loss recognized in the statement of activities and changes in net assets. There has been no indication of impairment of long-lived assets as of August 31, 2024 and 2023.

**Leases** – The Foundation applies Accounting Standards Codification ("ASC") 842, *Leases*, in determining whether an arrangement is or contains a lease at the lease inception. An arrangement is considered to include a lease if it conveys the right to control the use of identified property, plant or equipment for a period of time in excess of twelve months in exchange for consideration. The Foundation defines control of the asset as the right to obtain substantially all of the economic benefits from use of the identified asset as well as the right to direct the use of the identified asset. ROU assets represent the Foundation's right to use

leased assets over the term of the lease. Lease liabilities represent the Foundation's contractual obligation to make lease payments and are measured at the present value of the future lease payments over the lease term. ROU assets are calculated as the present value of the future lease payments adjusted by any deferred rent liability and lease incentives. ROU assets and lease liabilities are recognized at the lease commencement date. The Foundation uses the rate implicit in the lease if it is determinable. When the rate implicit in the lease is not determinable, the Foundation has elected to use the risk-free interest rate at the lease commencement date to determine the present value of the future lease payments.

Lease terms may include renewal or extension options to the extent they are reasonably certain to be exercised. Lease expense for operating leases is recognized on a straight-line basis over the lease term.

The Foundation elected the short-term lease exception for all classes of assets, and therefore does not apply the recognition requirements for leases of 12 months or less.

**Income Taxes** – The Foundation is exempt from income taxes under Section 501(c)(3) of the IRC and a similar provision of state law. The Foundation would be subject to federal income taxes on the net income from certain operations if such operations generated unrelated business income. No such unrelated business income tax, or interest and penalties related to unrelated business income, was incurred during the years ended August 31, 2024 or 2023. Accordingly, no provision for income taxes has been reflected in the Foundation's financial statements.

The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Foundation believes it is no longer subject to tax examination for years prior to 2020.

**Contributions** – Unconditional promises to give are recognized as revenue upon receipt and classified as either contributions with donor restriction or contributions without donor restriction, depending on the existence and/or nature of donor restrictions, if any. Conditional promises to give and intentions to give are not recognized until they become unconditional, that is, when the conditions on which they depend are met.

Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction is met or expires in the reporting period in which the contribution is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements of activities and changes in net assets as net assets released from restrictions.

A major donor is considered to be any donor from whom 10% or more of total contributions were derived. One donor made a donation that amounted to 16% and one donor made a donation that amounted to 12% of total contributions during the year ended August 31, 2024. No donor made a donation that amounted to 10% or more of total contributions during the year ended August 31, 2023.

**Functional Expenses** – The costs of providing program and other activities have been summarized on a functional basis in the accompanying statements of activities and changes in net assets. The Foundation incurs expenses that directly relate to, and can be assigned to, specific programs or supporting activities. The Foundation also conducts activities attributable to more than one functional category. These costs which are not specifically attributable to a specific activity, for example, salaries and employee benefits, depreciation, and office expenses are allocated by management on a consistent basis among the activities impacted, based on either financial or nonfinancial data, such as estimates of time and effort incurred by personnel.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Date of Management's Review** – Subsequent events have been evaluated through November 26, 2024, the date that these financial statements were available to be issued, and there were no material events or transactions requiring additional disclosure or recognition in the financial statements.

#### 3. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following represents the Foundation's financial assets at August 31:

	2024		2023
Financial assets at year-end:			
Cash and cash equivalents	\$ 4,280,388	\$	8,887,256
Receivables	51,566		43,351
Investments	 18,787,143		9,898,512
Total financial assets	23,119,097		18,829,119
Amounts not available to be used within one year -			
Net assets restricted for use beyound one year	 2,305,409	_	3,237,507
Financial assets available to meet general expenditures			
within one year	\$ 20,813,688	\$	15,591,612

The Foundation regularly monitors the availability of resources required to meet its operating needs, while also striving to maximize the investment of its available funds. Excess cash is invested in marketable debt and equity securities or exchange traded funds that are highly liquid and can be converted to cash in a short period of time. The Foundation manages cash flows on a weekly basis and has the ability to access the funds in investments as needed.

In addition to financial assets available to meet general expenditures over the next twelve months, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. The Foundation receives significant contributions restricted by donors, and considers contributions restricted for programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures.

### 4. CONCENTRATION OF CREDIT RISK

The Foundation maintains its cash balances in one financial institution. The Foundation maintains a balance in the checking account of approximately \$507,000 and \$2,314,000 as of August 31, 2024 and 2023, respectively. The checking account is insured by the Federal Deposit Insurance Corporation up to \$250,000.

The Foundation invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Association has adopted a written investment policy designed to manage investment risk, and regularly monitors its investments.

### 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal, or most advantageous market, at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs other than Level 1 inputs which are either directly or indirectly observable.

Level 3 – Unobservable inputs developed using management's estimates and assumptions, which reflect those which market participants would use.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2024 and 2023:

Exchange traded funds and equity securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds – Stated at cost, which approximates fair value.

Government or agency securities – Valued using recent trade information for identical or similar securities using feeds from a number of live data sources including active market makers and interdealer brokers.

Corporate bonds – Determined through evaluated bid prices based on recent trading activity and other relevant information, including market interest rate curves and referenced credit spreads, and estimated prepayment rates, where applicable, are used for valuation purposes provided by third-party pricing services where quoted market values are not available.

The Foundation evaluates its hierarchy disclosure for each reporting period. Based on various factors, it is possible that an asset or liability may be classified differently from one reporting period to another. However, the Foundation expects the changes in classifications between different levels will be rare.

The Foundation's financial assets measured at fair value on a recuring basis, were as follows at August 31, 2024 and 2023:

		Fair Value		
	Mea	_		
	Level 1	Level 2	Level 3	Total
August 31, 2024:				
Money market funds	\$ 3,773,512			\$ 3,773,512
Equity securities	6,024,184			6,024,184
Exchange traded funds	6,851,584			6,851,584
Fixed income:				
Government or agency securities		\$ 5,134,863		5,134,863
Corporate bonds		776,512	\$ -	776,512
	\$ 16,649,280	\$ 5,911,375	\$ -	\$ 22,560,655
		Fair Value		
	Mea	asurements Us	sing:	
	Level 1	Level 2	Level 3	Total
August 31, 2023:				
Money market funds Fixed income:	\$ 6,572,674			\$ 6,572,674
Government or agency securities		\$ 9,898,512	\$ -	9,898,512
	\$ 6,572,674	\$ 9,898,512	\$ -	\$ 16,471,186

The following table summarizes the net investment return as included in the Statement of Activities for the year ended August 31:

		2023		
Interest and dividends	\$	853,918	\$	411,504
Appreciation in fair value		1,732,224		632,491
Investment expenses		(60,037)		(25,743)
	\$	2,526,105	\$	1,018,252

## 6. FURNITURE, FIXTURES, AND EQUIPMENT

Furniture, fixtures, and equipment consist of the following at August 31:

	2024	2023
Computers and equipment	\$ 20,622 \$	20,622
Furniture	65,462	65,462
Total furniture, fixtures, and equipment	86,084	86,084
Less accumulated depreciation	 (80,626)	(63,667)
	\$ 5,458 \$	22,417

Depreciation expense was \$16,959 and \$18,372 for the years ended August 31, 2024 and 2023, respectively.

## 7. NET ASSETS

Net assets with donor restrictions are available for the following purposes as of August 31:

	2024	2023
Veteran services activities:		
Scholarships and direct financial support	\$ 1,899,672	\$ 1,745,533

VFW service officer support		332,371		250,508
Other VFW veteran service support		141,434		181,536
	\$	1,386,321	\$	1,969,649

#### 8. OPERATING LEASES

The Foundation leased office space from the VFW under a multi-year operating lease that expired in August 2024. The Foundation elected to use the risk-free interest rate at the lease commencement date of 3.86% to determine the present value of the future lease payments. The Foundation recognized an operating lease right of use asset of \$42,470 and an operating lease liability of \$42,470 on its financial statements for the fiscal year ending August 31, 2023. Cash paid and rental expenses under this operating lease amounted to \$43,212 for each of the years ended August 31, 2024 and 2023, and are reflected as Occupancy expenses on the Statement of Functional Expenses. The Foundation has entered into a one-year lease that expires in August 2025 for the same space. The future minimum lease rentals under the operating lease are \$43,647 for the year ended August 31, 2025.

#### 9. AGENCY TRANSACTION

In 2011, the Foundation was named as a beneficiary of an estate, which specifically stated the funds were intended to be used for the benefit of the VFW Department of North Carolina ("VFW-NC") to assist in obtaining compensation and/or government benefits. The total distribution received for the benefit of the VFW-NC was \$832,109. On an annual basis, the Foundation makes a disbursement to the VFW-NC to support their veterans service program, which works to help veterans dealing with the Veterans Administration claims process. The Foundation recognized a liability for the funds received, as these funds are considered held for the benefit of VFW-NC. The remaining liability was \$152,109 and \$202,109 at August 31, 2024 and 2023, respectively, and is included in accounts payable and other liabilities on the statements of financial position.

#### 10. RELATED PARTY TRANSACTIONS

The Foundation reimburses the VFW for certain expenses incurred on its behalf. The total amount charged to the Foundation by the VFW for these reimbursable expenses amounted to \$908,900 and \$927,022 for the years ended August 31, 2024 and 2023, respectively. In addition, the Foundation leases office space from the VFW and incurred rental expense under the lease of \$43,212 for each of the years ended August 31, 2024 and 2023. The Foundation also pays the VFW for certain accounting, human resource and legal services provided by the VFW employees. The Foundation paid the VFW \$60,000 for these services for each of the years ended August 31, 2024 and 2023.

The Foundation provides certain contributions to the VFW. The total amount of contributions from the Foundation to the VFW amounted to \$3,231,160 and \$2,620,000 for the years ended August 31, 2024 and 2023, respectively. The VFW provided contributions that amounted to \$0 and \$104,398 to the Foundation for the years ended August 31, 2024 and 2023 respectively. As of August 31, 2024 and 2023, the Foundation has recorded a payable to VFW in the amount of \$62,723 and \$85,910, respectively.

#### 11. CONTINGENCIES

The Foundation may be a party to legal actions arising in the ordinary course of its operations. In management's opinion, the Foundation has adequate legal defenses and/or insurance coverage in the event any legal action is brought against it.

#### 12. EMPLOYEE BENEFIT PLANS

The employees of the Foundation participate in benefit plans offered by VFW. VFW has a defined benefit plan and a plan that provides medical and dental benefits for certain retired employees and their spouses. The Foundation reimbursed VFW \$19,732 and \$20,495 for the years ended August 31, 2024 and 2023, respectively, for the amount that was allocated to the Foundation for these plans. VFW also has a 401(k) plan available to employees in which they defer a percentage of their salary. VFW makes contributions to the plan based upon guidelines set forth in the plan. The Foundation reimbursed VFW \$26,828 and \$28,520 for the years ended August 31, 2024 and 2023, respectively, for the contributions VFW made to this plan.
